Special Orders of Business: Chair Krueger noted that Member Lutkenhouse resigned, and she thanked him for his time spent on ACAT.

PUBLIC COMMENT: None

CONSENT ITEMS

- Minutes: January 9, 2018 Regular ACAT Minutes

PUBLIC COMMENT: None

MOTION #1:

Member Fast motioned approve the regular meeting minutes from January 9, 2018. Member Golden seconded the motion. Members Polverari, Krueger, Fast, Golden and Rohlf voted in favor of the motion. The motion passed.

RESIDENTIAL HOME SOUND INSULATION AND PROPERTY ACQUISITION PRESENTATION

Mr. Bullock reviewed today's topic of home sound insulation and property acquisition, and the history the topic has had with ACAT. Mr. Bullock introduced Mr. Gene Rindelle, with HMMH, who will be going through a presentation regarding home sound insulation and property acquisition. Mr. Smith noted that this topic is quite important to Director John Jones, and that the District has requested the opinion of Mr. Peter Kirche regarding the topic.

Mr. Rindelle reviewed his presentation regarding home sound insulation and property acquisition. Discussion ensued regarding noise contours, FAA's Part 150 sound study, impact of home values by sound insulating homes, aviation easements, land acquisitions as an option for noise mitigation, and community surveys to gather a pulse of the community on the home sound insulation and property acquisition.

PUBLIC COMMENT: Mr. David Diamond, Truckee Resident, stated that home sound insulation would be wonderful in the winter (for warmth) but in the summer it would not be quite as effective. For example, many residents open their windows and sliding glass doors to enjoy the weather and allow the cool air to circulate through their home. Summer is the busiest season, so with the windows wide open, sound insulation would not mitigate the noise issue.

RASC

Mr. Smith reviewed RASC's latest initiatives and most recent added routes from Reno Tahoe International.

PUBLIC COMMENT: None

SUBCOMMITTEES

- Mountain Top AWOS

Mr. Cooke stated that the directive he has received from the Board of Directors was to "get it done", though the largest hurdle is in the way and that is the FAA. Latest recommendation is to start scouting new locations. More information to come.

- Non-Aviation Land Use

Mr. Smith stated that staff is working extremely hard in trying to schedule another Board Ad Hoc committee on the subject. District Staff did have a meeting with the Town of Truckee regarding their Town-wide masterplan and how that would affect the District's Soaring Way properties.

- Airport Trail Network

Chair Krueger stated that the group has not met yet, though staff has done a wonderful job providing the subcommittee information about what other airports have done regarding their Trail Network.

- Pilot Incentives

Member Fast stated that the subcommittee got together with Ms. Katie Greenwood to refine the program, so what is available now is the latest and greatest. Member Fast stated that is a \$10,000 program used to incentivize pilots to become familiar with the noise abatement procedures. Member Fast then went on to discuss the Proficiency Incentive Program.

- Pilot Messaging

Member Fast indicated that he has flown four times this past week and had a great experience with the Tower. Regarding signage, he has not taken an airfield tour yet. More to come.

ACAT MEMBER REPORT

None.

PUBLIC COMMENT: None

ADJOURN

MOTION #1:

Member Rohlf made a motion to adjourn the meeting. Member Golden seconded the motion. Members Polverari, Krueger, Fast, Golden and Rohlf voted in favor of the motion. The motion passed.

At 11:01 AM on February 13, 2018 the regular meeting of the Airport Community Advisory Team adjourned.
